**REPORT IN BRIEF:** Federally-funded grants are available through the FL Department of Transportation (FDOT) for projects that enhance transportation-related facilities and activities. In 2004, Davie received FDOT funding for seventeen (17) transit/pedestrian shelters along Griffin Road, University Drive, and Davie Road/Davie Road Ext., primarily within the regional activity center (RAC). This application proposes a Phase II bus shelter project that will add transit/pedestrian shelters in the RAC and expand the program into the transit-oriented corridor (TOC). The shelters will be designed to reflect the Town's rural heritage, while also promoting mass transit use and enhancing the streetscape. An in-kind match of staff time devoted to the project will be provided. If approved, grant funding will be received in FY2011/12.
